Jim--This Citizen complaint looks like it's right up your alley, Mr Well Abandonment ☺ Can you follow up on this?

Jen: This sounds like proper well abandonment techniques may not have been followed. Can you please forward this to MDEQ?

Thanks.

Tom

HQ LEAD NUMBER: FY14-120661-3715-CV

SUBJECT: Referred to Region - Michigan
FROM: **Personal Email / Ex. 6**
TO:

Alleged Violator's Name: **Citizen name / Ex. 6**
Alleged Violator's Address: **Personal Address / Ex. 6**
Alleged Violator's City: **Personal Address / Ex. 6**
Alleged Violator's State: Michigan
Alleged Violator's Zip: **Personal Address / Ex. 6**

Tip or Complaint: Last summer, a well was dug to 180 feet on the property directly in front of the home. The well company pulled the well and dug a more shallow well 20 ft away. When they pulled the 180ft well, a sink hole about 5 foot in diameter and three feet deep formed at the site. Instead of properly taking care of the site and protecting the aquifer from pollutants, **Citizen name / Ex. 6** has been burning trash in the hole. I am concerned with the proximity of the hole to the home and the current well and that toxins from the burnt trash could easily be making into the drinking water of the other residents of the house and the neighbors.

Specific Directions: **Personal Address / Ex. 6**

Personal Address / Ex. 6 The hole is in the front yard by the house.

Violation Still Occurring? Yes

State DEP/DEQ/DEM Notified? No
